

A cross-cultural ministry experience with **ALL-INCLUSIVE TRAVEL PLANNING**

WHAT We travel to each CofP country every three years. On every trip, we interview each sponsored child and we need your help! With the assistance of a local translator, we hear first-hand how sponsorship is impacting the child's life. Additionally, the data collected during the interviews help us evaluate the effectiveness of the program.

HOW Under the guidance of our trusted local CofP directors, you'll experience the culture up close and personal.

WHY We visit CofP sites because **presence is powerful!** Your presence on a trip is an encouragement to the global church, CofP volunteers, and sponsored children. Child interviews give us opportunities to encourage sponsored children to chase after the dreams God has instilled in them. Sponsors also have the opportunity to meet their sponsored child face-to-face!
